

GENUS PHALAENOPSIS:

- Subgenus Proboscidioides:

- P. Lowii

- Nothodoritis
- Nothodoritis zhejiangensis

- Subgenus Aphyllae

- P. Braceana

- P. Hainanensis

- P. Honghenensis

- P. Minus

- P. Stobartiana

- P. Taenialis

- P. Wilsonii

- **Subgenus Parishianae**

- P. Appendiculata

- P. Gibbosa

- P. Lobbii

- P. Parishii

- **Subgenus Polychilos**

○ ***Section Polychilos***

- P. Borneënsis

- P. Cornu-cervi

- P. Mannii

- P. Pantherina

○ ***Section Fuscatae***

- P. Cochlearis

- P. Fuscata

- P. Kunstleri

- *P. Viridis*

- *Section Amboinenses*

- *P. Amboinensis*

- *P. Bastianii*

- *P. Bellina*

- *P. Doweryënsis*

- *P. Fascista*

- *P. Fimbriata*

- *P. Gigantea*

- *P. Hieroglyphica*

- *P. Javanica*

- *P. Lueddemanniana*

- *P. Luteola*

- *P. Maculata*

- *P. Mariae*

- *P. Micholitzii*

- P. Modesta

- P. Pallens

- P. Pulcra

- P. Reichenbachiana

- P. Robinsonii

- P. Venosa

- P. Violacea

○ *Section Zebrinae*

- P. Corningiana

- P. Incriptosinensis

- P. Speciosa

- P. Sumatrana

- P. Tetraspis

- **Subgenus Phalaenopsis**
 - **Section Phalaenopsis**

- P. Amabilis

- P. Aphrodite

- P. Philippinensis

- P. Sanderiana

- *P. Schilleriana*

- *P. Stuartiana*

- *Section Deliciosae*

- *P. Chibae*

- *P. Deliciosa*

- *P. Mysorensis*

- *Section Esmeralda*

- *P. Buyssoniana*

- *P. Pulcherrima*

- *P. Regnieriana*

- *Section Stauroglottis*

- P. Celebensis

- P. Equestris

- P. Lindenii
